Dear Parents

### 2020 School Fees

Please see the school fees for 2020 set out in the table below.

The Board of Governors have set the increase at 6,7%, balancing the needs of school, being highly sensitive and cognisant of current economic factors that continue to put pressure on household budgets. This is in line with the Educational Price index of the CPI as at June 2019.

Faced with the challenge of lower enrolments and increasing overheads, we have taken the necessary measures including consolidating our campuses to reduce our expenditure while still maintaining excellence in all of our schools.

We again draw your attention to the fact that the school fees charged do not cover the full cost of education delivered and that on average each child is subsidised by the community in the amount of R9000 per annum. We encourage those parents who are in more fortunate financial positions to contribute at least this amount to the Herzlia Foundation Trust. This is especially important as we will be celebrating our 80th anniversary of our founding next year.

We truly believe that the investment in your children's Jewish Education will contribute to providing them with the values and skills needed to succeed in the new global arena.

#### Financial Assistance

We are cognisant of the difficult financial times currently being experienced, and are sensitive to parents who are experiencing difficulty in paying full fees.

We invite those parents to contact the fees office and discuss the options available to them. We will continue as in the past to support all genuine situations.

Please contact us should you have any concerns, questions or are in need of financial assistance.

Regards
