PARENT OFFERS OF HELP

Dear Parents,

A very warm welcome to all parents this year, especially our new parents. You are all very important to our school – the more we see of you and the more involved you are with the school, the better it is for your child.

Please could you fill in and return the section below, showing where you would be prepared to help us. There are many ways in which parents can help in our school. The more help we get, the lighter the load for each one.

NAME: _____

I can help with (Please mark with an X):
